THE GOLDEN TRIANGLE RADIO CONTROL CLUB

Application for Membership

Background

The Golden Triangle R/C Club (GTRCC), founded in 1962, is an organization of local modelers dedicated to the promotion of building and flying radio controlled (R/C) aircraft. The club is chartered with the Academy of Model Aeronautics (AMA), a division of the National Aeronautics Association (NAA) which is a division of the Federation Aeronautique Internationale (FAI) that governs competitive aviation events worldwide.

Purpose

The purpose of the GTRCC is to aid, assist and encourage the building and flying of model aircraft for the enjoyment of the membership at large through its monthly meetings and special events. In addition, the club leases and maintains a flying site to promote these activities. The credo of the club is to treat guests, spectators and fellow fliers with the same respect and courtesy that you would like to receive. In addition, the club sponsors events such as fun-flies, a Big Bird Fly-In, and other similar events.

Requirements

Each member of the GTRCC must obtain an AMA sporting license available through either the club, hobby shops, the AMA (www.modelaircraft.org or in Model Aviation magazine) or at any AMA sanctioned event.

Conditions of Membership

All members of the GTRCC and their guests are expected to abide by the rules of the club and observe the AMA SAFETY CODE while engaging in modeling activities at the club flying site. Failure to do so may result in expulsion from the club and forfeiture of all dues and fees paid to the club.

Terms of Membership

The GTRCC fiscal year runs Oct. 1 through Sept. 30. Each person joining the club is assessed a one time field maintenance fee of \$150 (except additional family members). General membership (those over age 16) is \$75 per fiscal year. Youth membership is \$45. The field maintenance fee is not prorated. The membership dues are prorated *only* for new members.

Benefits of Membership

Each member of the GTRCC, in good standing, shall have full access to the GTRCC flying site located at Low Branch Park on Joe Pool Lake. The member shall be given an access key that entitles him/her to drive in and use the facility at any time *unless* the field is closed for maintenance or for a contest. Additionally, each member may obtain a 30 day guest pass that allows a flying nonmember of the GTRCC (does not include ex-members) to use the facility when accompanied to the field by the sponsoring GTRCC member. (A flying guest must also be a current AMA member.)

Restrictions

Certain restrictions have been imposed on the GTRCC in the lease agreement between the City of Grand Prairie and the club. Some of these are in the club rules - consult the lease agreement, available from any club officer, for details on others. All members and their guests are expected to abide by the lease agreement in effect and club rules.

Disclaimer

All information contained herein is subject to change at any time. Check the club website for the latest updates and information; <http://www.gtrcc.org>. I have read and understand the terms and conditions of membership in the GTRCC.
